This technique was created by our good friend and local artist Sue Newton and is designed for beginning students as well as experienced artists. Using paper, fibers, glue, stamps, embossing powders, and other trimmings you will create beautiful mosaic pieces that can be used for cards, journals, scrapbooks, boxes, and framed art. Come into the shop to see the beautiful samples. The possibilities are endless! Go home with a small framed masterpiece to keep for yourself or give to a special person. **Supply List:** Bring the Basics.
