A definite must have addition to your handmade book collection.

### **Zentangle Basics**

**Instructor: Patti Euler**

Zentangle is an easy to learn and relaxing method of creating beautiful images from repetitive patterns. Zentangle is so easy to learn that it's tempting to think that you understand it all. You might be amazed at how much more there is to it... so join Patti for this introductory class that will keep you coming back for more! Learn the basics as taught to her in an in-depth certification course she recently completed. It's repetitive and beautiful and satisfying, and a healthy way to leave the world behind, which makes it important. A Zentangle Starter kit is included in the price, plus we will have more supplies available for purchase.

**September 10th [Saturday] / 1:00 - 4:00 p.m.**

**Class fee: \$35**

### **Secret Belgium Binding**

**Instructor: Chrissie Hines**

Not that it's a secret .....it's just an intermediate class for those book artists who are already comfortable with the longstitch. The book's covers are designed using paints and papers, but the star is the way this book ends up looking. It's hard to figure out how the book holds together without knowing the secret! Heidi Kyle introduced Chrissie to this binding and it is very unusual. Chrissie has modified it to add her own spin and ensure that your success will lead you to repeat the project.

**September 11th [Sunday] / 11:30 - 5:00**

**Class fee: \$65**

### **Copic 101 for Stampers**

**Instructor: Jonesy Maxson**

Students will learn about Copic markers and what makes them the first choice for stampers everywhere. Color blending techniques, including tips for achieving realistic flesh tones, and a systematic method for choosing markers will be discussed and demonstrated. Students will then use this information to practice actual coloring, and will complete three greeting cards emphasizing these techniques. If you've been wondering "what the big deal is" about Copic markers, come join us and find out! **Class limited to 8 students.**

**September 14th [Wednesday] / 6:30 - 8:30 p.m.**

### **Zentangles - Intermediate #4**

**Instructor: Patti Euler**

Zentangle is an easy to learn and relaxing method of creating beautiful images from repetitive patterns. In this class, you will build on what you learned in Zentangle Basics. Patti has planned four intermediate classes in which you will learn eight new 'tangles in each session (for a total of 64 'tangles!). (It isn't necessary to take the intermediate level classes in any order.) Your 'tangles will be more complex and you will focus in this class on breaking down each 'tangle you create. Paper will be supplied; however, you must bring your Zentangle Starter Kit (included in the introductory class).

**Thursday, September 15th / 6:30 - 8:30 p.m.**

**Class fee: \$22**

### **Two-Tag Minimum**

**Instructor: Patti**

Since we've gotten requests for Tag classes (especially T!m-inspired) and for Friday night classes, we hope you'll join us to create a minimum of two different tags in each class. (If Friday nights become a problem, we'll consider alternatives). Each month, we'll re-create one of T!m's 12 Tags of Christmas (he has 4 years' worth), and one tag that is seasonally inspired. Anyone who pays for 10 (out of 12) tag classes in 2011 will get that 7 Gypsies Photo Holder, which is a great way to display these tags!
